

The **youthHansa**

The **youthHansa** is the youth organization of the HANSA.

In 1998 the Hanseatic City of Visby organized the first **youthHansa-Forum**. Since then, the way for a participation of the young hanseatic citizens is open to everybody who is *between 16 and 26 years old!*

Our structure

- **age**: from 16 to 26 years
- **delegates**: at least 1 delegate from each hanseatic city should come!
- **meetings**: once a year at the hanseatic day ; the yH commission meet also at the autumn meetings to prepare the next hanseatic day.
- **organization**: all members vote for the commission, the commission vote for the yH-spokesperson(s).

youthHansa-Goals

Our purpose is to foster the **exchange of opinions and experiences** between young people of the hanseatic cities and to spread the Hanseatic spirit.

Our main goals are:

- The *exchange* of opinions and experiences about all themes concerning young people.

- Developing *projects* who help to support other hanseatic cities in their aims or to underline a good cooperation between the different hanseatic cities, e.g. youth exchanges.
- Improvement of *communication*

To achieve these goals, *workshops* and *discussions* are important components of the yearly meeting of the **youthHansa**.

I@yH

This project started in 2010.

Idea:

Every year, the cities send new yH delegatess, so the yH-members are changing all the time.

Nevertheless we want to give the yH a "face", so each year we'll have a new picture who tells us *who is the yH*.
