

**The Cooperation Initiative
Between
The City of Rijeka, Republic of Croatia
And
The City of Gdańsk, Republic of Poland**

According to the recommendation by the Governments of the Republic of Poland and the Republic of Croatia, and following good bilateral relations between two European countries, initial contacts have been established between the cities of Rijeka and Gdańsk.

The City of Rijeka and the City of Gdańsk have concluded that there is potential for future mutually enriching cooperation in the areas such as port development, waterfront development, urban tourism, cultural and sports events as well as the linkage between universities. This cooperation is established with the goal of developing a sister city relationship between the City of Rijeka and the City of Gdańsk in the near future.

Confident in the importance of the international cooperation in their overall development, as well as in the value of the exchange of experiences and better mutual understanding of the people from different parts of the World, particularly Europe, by signing this paper the Mayor of the City of Rijeka and the Mayor of the City of Gdańsk demonstrate their commitment to establish a positive climate for sustaining of peace in Europe and the World and for future progress in development of their communities.
